IL VETRO ENTRA IN SCENA. THE GLASS COME TO LIFE.

Dall'esperienza di grandi maestri vetrai, un nuovo modo per far vivere la magia del vetro. Manufatti in vetro di pregiata lavorazione con cui decorare la casa, l'ambiente di lavoro, un locale pubblico. Oggetti modulari per creare quinte o divisori, scenografie di riflessi cangianti.

From our master glaziers' experience, a new way to introduce the magic of glass.

Preciously handmade glazed items to embellish domestic and non domestic settings with.

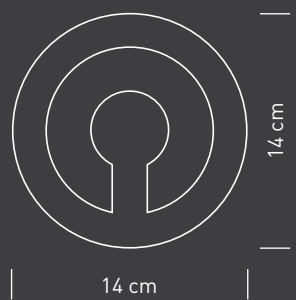

Modular elements endowed with bright colours to create room dividers or backstages.
